

Testimonials

“Our employee health and wellbeing are very important to us at autoTRADER. We already offer stand-up desks, yoga classes and subsidized organic fruit to the team. The UPnGO with ParticipACTION program will extend this by providing us with a fun and rewarding platform to help our staff think about being more active and the health benefits that will bring. We are committed to finding innovative ways to make autoTRADER a great place to work and look forward to UPnGO playing a major role in this effort.”

Allen Wales
VP Technology, autoTRADER

“TELUS has innovation as a core value. With UPnGO we are using the power of the Internet and innovative technology to help our team members to be active, healthy and well.”

Steve Podborski
Director & Wellness Champion, TELUS Communications

“I am excited about Providence Health Care participating in the UPnGo initiative because it is a concrete demonstration of the philosophy that care for the community begins with honoring and caring for the self. I hope this program will show that self-care and discipline can be fun!”

Zulie Sachedina
VP Human Resources & General Counsel, Providence Health Care
